

Angie Stewart

Angie has been involved in EMS for 23 years as a street medic and educator. She is employed with Beaufort County EMS and serves as the Lowcountry EMS Coordinator for the SC FAST (South Carolina First Responder Assistance and Support Team). She has first-hand knowledge of the tolls of the job and the affects it has on personal relationships. My goal is to be an advocate for the men and women in public safety. My goal is to encourage individuals to take a deep look within and employ simple techniques to find a new level of happiness and contentment.
